

# MERRITT COLLEGE

## COURSE OUTLINE STUDENT LEARNING OUTCOMES ADDENDUM

Discipline/Course No: COUN 57

Course Title: Career and Life Planning

Date: 3/25/09

<b>Course Level Student Learning Outcomes</b>	<b>Assessment Methods</b>
What will students be able to do "out there" that we are responsible for "in here"? (Start SLO with active verb.)	
1. Conduct a self-analysis of values, interests and personality type and apply this analysis to career choices, including selection of a college major.	Students will utilize print and online interest, values, and personality inventories as well as other career research tools.
2. Conduct research and report on potential careers of interest and how it will impact their lives.	Students will submit oral and written reports.
3. Explain and apply the components of a career action plan.	Students will complete assignments covering the components of a career action plan including vocational exploration, labor market research, job search, and the like.
