

COLLEGE OF SAN MATEO NURSING PROGRAM

ARTICULATION GRID for CA Community Colleges, CSUs and UCs (updated JUNE 2020)

The following is a list OF APPROVED NURSING PREREQUISITE COURSE SUBSTITUTIONS

Courses on this GRID are approved as equivalents to the prerequisite courses required for the College of San Mateo Nursing Program. Any upper division courses listed here receive subject credit only. If you have taken coursework that **does not** appear on this GRID, follow the information provided on the Nursing Program website www.collegeofsanmateo.edu/nursing to have prerequisite courses reviewed for approval. Please review the footnotes at the bottom of each page!

BIOL 250, 260 and 240 (Anatomy, Physiology and Microbiology) must have been completed with a grade of C or higher within the last FIVE years. This DOES NOT include the other prerequisite courses. (This policy began with the Fall 2020 class.)

Applicants must have MATH 200 completed. MATH 200 is a statistics course. The Nursing Department accepts only statistics courses taught in the math or statics department only. (This policy began with the Fall 2020 class.)

The Nursing Program requires Chemistry 410, Health Science Chemistry, or equivalent. Other chemistry courses will not be accepted.

IF YOU ARE ACCEPTED INTO THE NURSING PROGRAM and have completed course work at colleges/universities outside of the San Mateo County Community College District you are REQUIRED to send official transcripts to the CSM Admissions and Records Office and request an official transcript evaluation from the SMCCCD Transcript Evaluation Service within your FIRST SEMESTER OF ATTENDANCE at CSM. For more information go to <http://smccd.edu/transeval/>.

NURSING ARTICULATION GRID for College of San Mateo Nursing Program – updated JUNE 2020

IF YOU SEE “and or / or &” it means BOTH/ALL courses are required. IF YOU SEE multiple courses with NO “and / &” notations it indicates you have multiple options for the course requirement. Because College of San Mateo is a lower division institution, any UPPER DIVISION courses will receive course credit but will not receive unit credit.
