

Intersegmental General Education Transfer Curriculum Counseling Form

Name: (please print) \_\_\_\_\_ SSN: \_\_\_\_\_

Read first: Important information regarding the appropriate use of the IGETC Counseling Form.

1. Completion of all of the requirements in the IGETC will permit a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower-division general education courses.
2. The IGETC is not advisable for all transfer students (See bottom reverse side for list).
3. Transfer students pursuing a major that requires extensive lower-division preparation may be better served by taking courses which fulfill the CSU General Education-Breadth Requirements or those of the UC Campus or college to which they plan to transfer.
4. All requirements must be completed before IGETC can be certified. If you are approaching readiness for transfer and, for **good cause**, are unable to complete one or two IGETC courses (in Areas 3, 4, or 5) you **may be eligible** to complete IGETC after transferring (See a counselor for details).
5. All courses must be completed with minimum grades of "CR" or "C" or better.
6. Transcripts to verify courses completed at other college must be submitted prior to certification and can only be certified in the IGETC category determined by the original college (See #8 regarding high school transcripts).
7. Courses taken at foreign institutions will not be permitted for IGETC certification except in the Area Language Other Than English.
8. If the Foreign Language Requirement was satisfied in high school, the student's official high school transcript must be submitted prior to certification.
9. Coursework completed for the IGETC will be honored for certification provided that the courses were on the college's approved IGETC list at the time the course was completed (See a counselor for further information).
10. Students who initially enroll at a UC campus, leave and attend a community college, then plan to return to the SAME UC campus cannot use IGETC (Consult a counselor for detailed information).
11. Be sure to request IGETC certification when you request final transcripts to be sent to your choice of university or college.

**Directions:** Indicate courses completed at COA, list courses taken at other colleges, and indicate name of test if requirement was met with Advanced Placement (AP) Exam(s). AP Exam(s) cannot be used in Area 1: Group B and Group C (Critical Thinking and Oral Communication).

U.C. COLLEGES and MAJORS that **do not accept or recommend** the use of IGETC: (SEE A COUNSELOR FOR FUTURE INFORMATION).

**Berkeley:** Haas School of Business; Colleges of Chemistry, Engineering, Natural Resources, and Environmental Design.

**Davis:** College of Engineering; Division of Biological Sciences, and majors in the College of Agricultural and Environmental Sciences and the College of Letters and Sciences that require substantial math and science preparation, such as: Chemistry, Exercise Science, Environmental Toxicology, Fermentation Science, Food Science, Nutrition Science, Physics, Viticulture and Enology, etc.

**Irvine:** Students entering majors that require specific or substantial preparation, such as science majors, may use IGETC but need to give priority to completion of lower division preparation courses.

**Los Angeles:** School of Engineering and Applied Science or the School of Nursing. **Riverside:** Not recommended for students majoring in the sciences and engineering.

**San Diego:** The IGETC is not appropriate for students transferring to majors in the Jacobs School of Engineering. IGETC is accepted at Earl Warren, John Muir, and Thurgood Marshall Colleges only. Students who follow IGETC are welcomed at E. Roosevelt and Revelle Colleges. However, they must meet specific requirements of those colleges.

**Santa Barbara:** College of Engineering and the Computer Science major in College of Letters & Science.

**Santa Cruz:** Although the IGETC is acceptable for all majors, students planning to pursue majors that require substantial lower-division preparation, such as those offered in the School of Engineering, the sciences, or environmental studies, should give priority to the completion of major prerequisite courses.
