# INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) Merritt College <br> 2017-2018 

CAUTION: IGETC may not be the best option for transfer, particularly for majors such as Engineering, Computer Science, Biology, and Business. IGETC for STEM may also be an option. See a counselor for more information.

Completion of IGETC satisfies all lower division general education requirements at most CSU and UC campuses, and at some Independent Colleges and Universities. It is not an admission requirement nor is it the only way to fulfill lower division general education requirements.
Associate Degrees for Transfer (ADT) to CSU: Although it is possible to fulfill the requirements for an ADT by completing the IGETC for UC pattern, admission to a CSU requires completion of an Oral Communication course (IGETC Area IC). Students who plan to transfer to a CSU must complete this course as part of their transfer preparation.

CERTIFICATION: Merritt College can provide full certification (completion of requirements in every area) or partial certification (completion of requirements in one or more areas). All courses MUST be completed with a grade of " C " or better. Students should request GE certification when asking that their transcript be sent to the UC or CSU campus of their choice during the final term before transfer. See a counselor for more information.
NOTE: Courses with an (*) are listed in more than one area but may not be counted in more than one area.

AREA 1 - ENGLISH COMMUNICATION
